Experience

2023 - Present

blinux solutions | Legacy Tower, Kohinoor City, Faisalabad

Shopify Developer

Working as a Shopify developer at Blinux Solutions provides an exciting opportunity to utilize my skills and expertise in creating exceptional online stores. My expertise lies in developing custom Shopify themes and building unique, visually appealing online stores that align with the client's brand identity and objectives. I have a deep understanding of HTML, CSS, and JavaScript, which enables me to create responsive and interactive web designs that provide an exceptional user experience.

2022-2023

WeDexterity | Bahi Wala, Faisalabad

Jr. Front End Developer

As a Jr. frontend and WordPress developer at Webdexterity, my role involves creating visually appealing and user-friendly websites. I specialize in crafting engaging user interfaces using HTML, CSS, and JavaScript, ensuring seamless navigation and optimal user experience. Additionally, I possess expertise in customizing and extending WordPress functionality to meet clients' specific requirements. By employing my technical skills and creative mindset, I collaborate with the team to design and develop responsive websites that align with clients' branding and objectives.

2021-2022

WeDexterity | Bahi Wala, Faisalabad

Internship

I completed my frontend developer internship at WebDexterity. During this internship, I gained valuable hands-on experience in developing and designing user interfaces for websites. I had the opportunity to work on various projects and collaborate with a team of experienced developers. I learned how to implement responsive designs, optimize website performance, and ensure cross-browser compatibility. It was a rewarding experience that allowed me to enhance my skills in HTML, CSS, JavaScript, and other frontend technologies.
